

Pause 4 Paws Pet Hotel

Authorization to Release Vaccination/Medical Records

In preparation for your pet's stay, proof of required vaccinations is required prior to arrival. This not only ensures the health and well-being of all, but also is a requirement of Pause 4 Paws Pet Hotel and the State of Georgia (Rabies).

Please be aware, in the case of the Canine Influenza and Bordetella vaccines, these are not always routine but given upon request. It is a recommendation of most pet professionals that pets which frequent dog parks, pet stores, grooming shops, boarding facilities) or other environments where dogs are typically in high concentration) should have the Influenza annually and the Bordetella vaccination every 6 months. Please keep in mind our requirements may vary from those of your Veterinarian so please review and plan in advance. Our requirements are as follows:

- | | |
|----------|---------------------------|
| Canines: | 1-3 Year DHPP |
| | 1-3 Year Rabies |
| | Bordetella every 6 months |
| Felines: | 1-3 Year RCP |
| | 1-3 Year Rabies |

We also accept Titters. In the cases where the Veterinarian has determined that your pet no longer requires a specific vaccination due to age or Immune deficiencies, we will require a letter from the Veterinarian stating so.

In the event upon arrival your pet is in need of any boosters to meet our requirements or we are not able to verify current vaccinations within the next business day, Pause 4 Paws Pet Hotel will make the necessary arrangements to bring your pet up to current status at Owners' expense.

To Whom It May Concern:

I hereby request and authorize the release of the requested medical/vaccination information for my pet (s) to Pause 4 Paws Pet Hotel. I release the Veterinarian and staff from any legal responsibility or liability for the release of information to the extent indicated as authorized herein. I understand I may revoke this authorization, but the revocation may not be applied retroactively once the information specified herein has been released.
